

# THE ALMA RECORD.

VOL. XXXVIII—No. 17.

ALMA, MICHIGAN, THURSDAY AFTERNOON, MARCH 8, 1917

WHOLE NUMBER 1981

## MOINET PROBABLY HAS NOMINATION

Looks Like the Republican Candidate, Who Will Oppose Mathews.

## RETURNS ARE NOT COMPLETE

Moinet Has Good Lead in Face of Returns for Circuit Judge Nomination.

Edward J. Moinet of St. Johns has in all probability carried off the nomination for candidate for circuit judge on the republican ticket for the Gratiot-Clinton county circuit, defeating Henry E. Wallbridge, also of St. Johns.

Reports from Clinton county have it that Moinet carried eighteen out of nineteen precincts in the county and carried the county by a majority of about three hundred votes.

The voting in Gratiot county was exceptionally light and from the three largest cities of the county the vote is reported to have gone heavily to Moinet.

In Alma 106 votes were cast of which Moinet received 77 to 29 for Wallbridge. In St. Louis out of a total of 55 votes cast Moinet received about 40 to about 15 for Wallbridge. It is said that in Ithaca the voting went 77 to 44 for Moinet.

Reports from only a few of the rural precincts of Gratiot county had been obtained up to the time of going to press, but from the general trend the probabilities are the Moinet carried Gratiot county, along with Clinton and has won the nomination handsly.

Attorney John Mathews, unopposed, has the democratic nomination.

The voting as far as could be obtained up to time of going to press gives the following in Gratiot county:

Precinct	Moinet	Wallbridge	Math.
Alma	77	29	
St. Louis	40	15	
Ithaca	77	44	
Emerson	14	5	
Lafayette	30	4	
Newark	6	9	
Wheeler-Breck	42	11	

Wm. S. Hart—Idlehour Wednesday.

## ARRESTED FOR THEFT

A. B. Cleveland, who has been working in the motor division at the Republic Motor Truck company, was arrested last week Friday, charged with the theft of a number of magnetos from the plant. Officers who made the arrest found a number of the magnetos in Cleveland's trunk at his rooming house, it is said. It is claimed that five magnetos valued at \$120.00 were taken by Cleveland.

## BUYS INTEREST IN LIVERY

Ed. Winn, well known Alma horseman and liveryman, has purchased a half interest in the Arcadia Livery, owned by George Brown. The new firm will do business under the name of Brown & Winn. Mr. Brown, who has sold the half interest to Mr. Winn, has been in the livery business in Alma for some years and is known as a capable man in this line.

## AUCTION SALES

W. H. Parr  
Wesley Parr having sold his farm, will hold a big auction sale at the farm, one-half mile north of Alma, Saturday, March 17th, commencing at 12:00 o'clock. His horses, cattle, hogs, chickens, implements, farm tools, machinery and a large quantity of feed will be sold. All stock that cannot be removed on Saturday will be cared for until Monday, J. D. Helman, auctioneer. See the page advertisement.

William F. Mitchell

Having decided to quit farming, William F. Mitchell will offer for sale at his farm, two miles west and one and a half miles north of Forest Hill on Thursday, March 15th, his horses, live stock and farm implements. Sale will start at 10:00 with free lunch at noon. J. D. Helman, auctioneer.

H. L. Sprague and R. T. Sandell  
H. L. Sprague and R. T. Sandell will sell at public auction at the farm, three and one-fourth miles north of Alma, on Monday, March 12th, at 12:00 o'clock, their live stock, farm tools, etc. J. D. Helman, auctioneer.

J. S. Figg

J. S. Figg, five miles west of Shepherd and one mile south, will hold an auction sale on Wednesday, March 14th, at 1:30 p. m. he will offer fourteen head of horses, number of young cattle and cows, several hundred bushels of seed oats and barley, one hundred bushels of seed beans, some clover seed and seed corn. Also thirty-horse power Studebaker car. One year's time at seven per cent interest.

John O'Boyle

John O'Boyle, having rented his farm, will sell at public auction on his farm, six miles north and one-half mile west of Alma, on Monday, March 19th, at 10:00 a. m., his stock of cattle, horses and farm implements. Free lunch at noon. J. D. Helman, auctioneer.

## HOLD CONFERENCE

Rural Life Conference to be Held at the Normal.

A rural life conference will be held at the Central State Normal at Mt. Pleasant, on Friday, March 16th. Three sessions are to be held, one in the morning, one in the afternoon and a third in the evening.

Rural needs will be gone into thoroughly at this conference, but it will be the Hon. P. H. Kelly, congressman at large from Michigan, who will make the main speech of the day, which will be on the military establishment of the United States. The speech of Kelly will be made at the evening session of the conference. The Hon. P. H. Kelly is a brilliant orator and has a subject that is of vital interest to the entire country just at the present time.

Other speakers will be the Hon. G. N. Otwell of Lansing, who will make an address on the subject, "Some Rural Needs;" the Hon. H. W. Foght of Washington, D. C., who will speak on the subject, "The Schools that Made Denmark Famous;" Dr. George L. Cady of Lansing, who will make an address on the subject, "The Rural Church Problem;" and President Graven of the Normal, who will speak on the subject, "In Viking Land."

## BAKER BUYS THE RECORD BUILDING

Alma Photographer Closed Deal for the Building the Latter Part of Last Week.

A deal has been closed whereby W. E. Baker, oldest Alma photographer, has come into possession of the former Alma record building on West Superior street, together with the ground upon which it is located.

Mr. Baker will rent the building for the present time, but later will move into the building himself. A number of improvements will be made upon the structure at once by Mr. Baker before the new tenant takes possession.

Ed. Urchel of Clare has rented the first floor of the structure for a restaurant, for which it is now being fitted up and it will be open to the public very shortly. Mr. Urchel comes to Alma from Clare, where he has been conducting a restaurant for the past year, with a marked success. Mr. Urchel will discontinue his business in Clare and his outfit will be used in the restaurant here.

Mr. Baker will continue in his present quarters until such a time as the enlarging of the Wright House takes place, when he will be forced to move from his present quarters, which will be replaced by a large hotel addition. This will probably not be until near fall.

Mr. Baker hopes, in the near future, to be able to replace the old Record block with an up-to-date brick structure, which will be a credit to this rapidly growing community.

"Patria"—Idlehour Friday.

## TAKE MANAGEMENT

Blakely & Ward Have Charge of the Kensington Sub-division.

Arrangements have been completed whereby the new real estate firm of Blakely & Ward will have the management of the Kensington Heights sub-division on Michigan avenue.

This property is a continuation of the Michigan Avenue Heights sub-division, and is only five blocks from the principal plant of the Republic Motor Truck Company, Inc., and is just to the north of the half-ton truck plant of the same company. It is only about five blocks from Swift & Company's plant and the plant of Libby, McNeill & Libby and but a short distance farther to the Alma plant of the Michigan Sugar company, making it a sub-division very close in to the eastern factory district of the city.

It is the intention of the owners to place building restrictions on the lots and to improve and beautify the property, thus making it one of the most attractive and desirable suburbs of the city of Alma.

About two dozen houses are now being completed and are for sale on very reasonable terms. The remaining lots will be built by the company or sold to persons wishing to build their own homes. The firm is located in the Merchants' building, opposite the First State Bank.

The members of this firm are well known Alma business men of high standing. Mr. Blakely has for several years been engaged in the insurance business here with a marked success, and has also gone into other ventures that have proven reliable. C. O. Ward for some time had been an assistant cashier at the First State Bank, where he won many friends through his courtesy and fair treatment. Both are highly regarded in Alma business circles, and should prove able agents for this sub-division.

## NOTICE TO THE PUBLIC

I have engaged S. E. Gardner, M.D., of Mt. Pleasant, who for many years has been making a specialty of diseases of the eye and of refraction work, to spend the second and the fourth Mondays of each month in the hospital, where I shall be glad to have my friends see him when in need of his services.

(73-1y) L. N. BRAINERD, M. D.

## WILL BANQUET ON MARCH 23RD

Wishart of Grand Rapids, and Dean of Charlotte Will Be Speakers.

## BOARD OF TRADE WILL FEAST

Farmers Will Be Given a Royal Entertainment the Partially Completed Plans Show.

The Board of Trade's banquet for the farmers around Alma is to be held Friday evening, March 23rd, if the present plans are carried out and the farmers will be shown a royal time by the business men of the city that evening. The affair will be held in the big gymnasium in the Alma high school, which has been obtained for the occasion.

Every effort is being made to get the finest kind of banquet, in order to show the farmers that full tables can be found in Alma as well as in the rural districts of the country. One of the local ladies' organizations will have charge of the catering for the big banquet.

A program that will attract and interest everyone is being planned and is rapidly nearing completion. The Hon. Frank A. Dean of Charlotte, known the entire state over, will be one of the speakers. Clarence Holmes, banquet, Dr. Alfred Wishart of Grand Rapids will talk on "Social Preparedness." The committee in charge of the affair also has hopes of receiving favorable replies from Paul King, receiver for the Pere Marquette railroad; P. T. Colgrove, president of the State Good Roads association; Master Ketchum of the State Grange; and others who will prove delightfully entertaining both to the farmers and to the business men of the city of Alma.

Under the present plan every member of the Board of Trade of Alma will suggest the name of some farmer, as one of those to be invited. It is probable that in this list some will be named twice. If this done it will be the work of the committee to dig up the names of other farmers who should be present, and the entire bunch will receive invitations to join with the Board of Trade at the big spread.

The famous Republic Motor Truck Company band has been secured for the evening and a rare musical treat can be promised the farmers who will be present at the affair.

At the present time it is expected that together with the Board of Trade members that there will be about three hundred and fifty present at the banquet.

The affair is being planned in order to interest the farmers in the needs of a good road west of Alma, a matter which the board will endeavor to take up and solve with them, hand in hand. A good state road west from Alma is a thing that is badly needed. The board will also work to securing paving west on Superior street to the city limits in connection with this part of the program, which it is hoped can be carried out successfully. Another thing that the board wants to do, is to impress upon the farmers around Alma the needs of more territory for the rapidly growing city of Alma, which has passed the old city limits, making new boundaries a matter of necessity.

The Alma Record will give the complete program for the banquet in the issue next week. Look for it.

Wm. S. Hart—Idlehour Wednesday.

## SIGNED BILL

President Signed Bone-dry Bill Last Week Saturday.

The long debate on the subject of bone-dry or being dry in Michigan up to certain limits, allowed the United States government to get the jump on the Michigan legislature, with a bill that prohibits the importation of liquor into dry territory.

Passed by the house some weeks ago, the bone-dry bill went to the United States senate, where it was favorably voted upon the latter part of last week. Saturday it received the president's signature, and will take immediate effect, so that all dry states are now to be bone-dry. The bill which slipped through as a rider to an appropriation bill, is the most far reaching piece of liquor legislation ever passed by the United States government and does away with the plea of states' rights, as far as the liquor traffic goes at least, and seemingly paves the way for the national prohibition bill.

By this law all states that are dry must be bone-dry, as the bill prohibits the importation of liquor into dry states, except for medical and scientific purposes. Michigan having voted dry last fall, will come under this law when the state goes dry in 1918, and will be bone-dry. This law will effect twenty-three states which are dry, or which have passed dry laws, and will soon enter the ranks of the prohibition states.

"Fatty" Arbuckle—Idlehour Wednesday.

## BIGGEST MONTH

Republic Motor Truck Company Business Keeps on Growing Rapidly.

While talking with the Record reporter, Secretary Charles G. Rhodes of the Republic Motor Truck Company, Inc., said that the past month had been by far the best month in the history of the company.

During the month of February the Republic company received more orders for trucks of the various models than during any previous month, and during this same period more trucks were shipped out to fill orders than ever before. This is a sure indication that the Republic trucks are meeting with popular favor, and gaining ground in the truck field through the superiority of the Alma product.

The month of January, 1917, was the best previous month in the history of the company. During January there were three thousand orders for trucks of the various models.

## REPRESENTATIVE HOBSON TO SPEAK IN ALMA SOON

Hero of Santiago Will Fight Battle Here in His War on the Liquor Traffic.

United States Representative Richmond Pearson Hobson will give a lecture in the Alma high school auditorium Friday evening, March 16th, on the theme, "Destroying the Great Destroyer."

Hobson, one of the nation's heroes, also stands out as one of the most consistent dry workers in the country. During his various terms in the national legislative halls has probably done more to advance the cause of national prohibition than any other man, but even excepting William Jennings Bryan. Time after time Hobson has spoken in congress on the needs of national prohibition, and has lectured on nearly every platform in the country on this same subject.

His lecture, "Destroying the Great Destroyer," deals with the snuffing out of the liquor traffic in the whole United States, and is creating great comment throughout the land.

Captain Richmond Pearson Hobson, is perhaps better known to American homes however, as the Hero of Santiago. His exploit of sinking the Merrimack, in company with a few other of those brave Americans, while under fire of Spanish forts and fleet, will always hold a place in American history.

His great temperance addresses have created for him a greater fame, until now he is known as one of the country's most brilliant orators. He has made an exhaustive and scientific study of alcohol and its effects and knows whereof he speaks.

His constant advocating of nationwide prohibition in congress has brought forth a bill which is pending before the senate, to make the United States dry. Once this bill passes both houses of congress, it will go to the legislatures of the various states for ratification. When thirty-six states have ratified such a bill the United States will be entirely dry. Hobson has hopes of seeing such a bill ratified by 1920.

## SHOULD BE SUCCESSFUL

College Endowment Campaign Keeps People Talking.

That the Alma college endowment campaign will be well received out in the state, is the opinion of Dr. James Blakely, chairman of the Alma college board of trustees, who is now making speeches around the state in the interests of Alma college and its big campaign to raise additional endowment.

Dr. Blakely, who was in Alma the latter part of last week, after a week of hard work in which he averaged nearly two speeches a day, informed the Record reporter that the campaign recently staged in Alma, has people out in the state talking about Alma and wondering how it was done. In this connection Dr. Blakely told the reporter that it was expected that a few thousand dollars more would be raised in Alma before commencement day this coming June. It is the opinion of Dr. Blakely, evidently, that the work done in Alma will be one of the biggest assets possible when the state campaign is started.

Dr. Blakely, for over thirty years a pastor in Detroit, was engaged to go out and talk Alma college throughout the state. He is making a number of addresses each week, and is turning the thoughts of students and those with pocket-books towards Alma college.

## ANOTHER BOTTLING WORKS

T. G. Wilson was in Alma the fore part of the week looking up a place for a complete, soft drinks bottling works, and expects to open an establishment here in the near future. He already has his machinery purchased and expects to be doing business here very shortly.

## TIRE REPAIR SHOP

Giles & Elliger have opened a vulcanizing and tire repair shop on Ely street, where their business will be conducted until the men are able to secure quarters in the business section. They will make every effort to give twenty-four hour service in their work.

## COLLEGE TEAM TAKES SECOND

Alma College Basket Ball Five Takes Runner Up Place in M. I. A. A.

## MAROON AND CREAM BEATEN

Kalamazoo Won Deciding Game Last Saturday Night at the Celery City.

T	M. I. A. A.	W. L.	P.
Kalamazoo	7	0	1,009
Alma	5	2	715
Hillsdale	3	4	429
Adrian	1	5	167
Oliver	0	5	900

By winning from Alma college at Kalamazoo last Saturday night, the Kalamazoo college basket ball team clinched the Michigan intercollegiate basket ball championship for the 1917 season. Alma went down to defeat before the Celery Eaters by a score of 55 to 17, which by the way is the best showing that any team has made on the Kalamazoo floor this season.

The locals put up a hard fight against the great Kalamazoo team, and in spite of the fact that every moment of play saw them losing ground, the team continued to scrap. A large number of personal fouls were called by Referee Huntington. Both Richards and Almy and Strome of Kalamazoo were chased from the game because of personal fouls called upon them.

McGregor proved to be the shining star for the Celery City team, counting nine field baskets during the game. Fausch at center came through with six field baskets. The Alma team as a whole was forced to content itself with five field baskets.

Lineup and summary:  
Kalamazoo: R. Fausch, Gallagher, Hoekstra, L. Fausch, Smith, Fausch, C. Fausch, E. Foote, Emerson, R. G. French, Pyle, L. G. Richards.  
Score at the end of first half—Kalamazoo, 30; Alma, 9.

Field goals—Smith, 1; Gallagher, 1; Foote, 2; Johnson, 1; McGregor, 9; Hoekstra, 5; Fausch, 6; Emerson, 5; Pyle, 1.

Substitutions—Strome for Emerson, Emerson for Fausch, Champney for Strome, Johnson for Richards, A. Foote for Ed. Foote.

Free throws—Smith, 3 out of 4; Gallagher, 4 out of 9; McGregor, 3 out of 8.

Time of halves—20 minutes.  
Referee—Huntington, University of Chicago.

The Alma college basket ball team had a game scheduled with Olivet for last night at Olivet, but the Crimson has cancelled the game, which gives Alma a forfeit and assures the Maroon and Cream of the runnerup position in the race. This is the third successive season that Alma college has taken the runnerup position in the Michigan intercollegiate basket ball race.

The college team will close the season tonight with the scheduled game with the Michigan State Normal at Ypsilanti, which does not count in the M. I. A. A. race. Coach Helmer's men will be given a hard fight at Ypsilanti, and are no means certain of bringing home a victory.

"Fatty" Arbuckle—Idlehour Wednesday.

## RESIDENCE DAMAGED

New Lamb Residence Badly Damaged by Flames at Night.

Last week Thursday night, the Alma fire department was called to the new residence of Dr. T. E. Lamb on State street, where a fire had started in the basement. After considerable work the fire was extinguished with a damage that will be in the neighborhood of \$2,500.

The fire was first noticed about nine o'clock in the evening. A woman on her way home thought she saw flames in the basement and went to the home of Jonathan Ailer and told him, and an alarm was sent in. The fire department responded quickly, and streams of water were playing on the fire soon after the alarm sounded. Starting in the basement the fire made its way up through the partitions on the north side of the house and it was with difficulty that the firemen fought the flames, which had gained a good headway.

A large hole was burned in the first floor of the house and the partitions were also badly eaten into by the fire. A dense smoke aided in ruining the home, and the water played on the flames also did its share of damage, and with the woodwork that must be replaced, etc., it is probable that the damage will reach near to \$2,500.

The cause of the fire is not known. It was thought Thursday night that the newly installed heating plant might have started it, but as the fire was some feet to the east of where the heating plant was located it is certain that it must have been started from some other source.

"Patria"—Idlehour Friday.

## GLEE CLUB TO TOUR

Alma College Men's Glee Club Will Tour During Spring Vacation.

The Alma college Glee club will make its annual spring tour during the spring vacation of the college and will visit fourteen towns and cities, giving Alma college some of the best of advertising, while endeavoring to please seventeen audiences.

The club will be on the road three Sundays during the trip and each of the Sunday dates will be the same as the date of the previous day. Following the trip through the state the club will appear at St. Louis, Ithaca and Alma.

The club this year is one of the best that the college has ever had and at a recent appearance in Detroit it was warmly greeted.

Following is a list of the places that will be visited on the spring trip:

March 22—Stanton; March 24 and 25—Belling; March 26—St. Johns; March 27—Lima; March 28—Lowell; March 29—Hastings; March 30—Pittsford; March 31 and April 1—Niles; April 2—Three Rivers; April 3—Coldwater; April 4—Battle Creek; April 5—Grand Ledge; April 6—Gwinn; April 7 and 8—Bay City.

"Fatty" Arbuckle—Idlehour Wednesday.

## HIGH SCHOOL QUINNET WINS TWO HARD GAMES

Greenville and Mt. Pleasant High Fives Fall in Closing Games of the Season.

The Alma high school basket ball team won two games during the past week, trouncing Greenville high here last Thursday by a score of 30 to 26, and defeating Mt. Pleasant high at Mt. Pleasant the following night by a score of 27 to 21.

Greenville brought a well drilled team to Alma, which had won nearly every game that it has played this season, including one game from Alma, which was played at Greenville, when Alma was defeated 18 to 15. The Greenville team put up one of the best passing games that has been seen on the local floor this season, and had the local five not been in the best of shape a victory would not have been possible for the Alma quintet.

Greenville took a lead right at the start of the contest and held it until the closing moments of the game, when Alma forged into the lead. Greenville secured a three-point margin before the locals were able to score at the start of the game, and during the balance of the half clung to this margin, and it seemed as if the locals must surely go down to defeat again. Greenville was leading 12 to 12, when the half ended.

At the start of the second half, Greenville added a couple more points to her lead, before the locals could get started. Then slowly but surely Alma put down the margin and with three minutes to play had tied the count, so that it became anyone's game. A sensational basket from the center of the floor, nailed by Medler, gave Alma a two-point lead, and he increased it to four with another long shot a minute later, and the game was clinched for the local quintet.

The work of Howe and Medler in the scoring line featured the game for the local aggregation. Howe scored six field baskets, for twelve points, while Medler at guard garnered three that aided materially in bringing in the victory.

Lineup and summary:  
Alma, 30. Pos. Greenville, 26.  
Howe, 6; Medler, 3; Mann, 2; Smith, 12. Silverthorne, 3; Vining, 3; Burkholder, 3; Arntz, 10.  
Fouls—Mann, 6 out of 10; Silverthorne, 6 out of 12.

Score first half—Greenville, 15; Alma, 12.

Referee—Hoodman, Alma college.

## MISS KING MARRIED

Wedded to Howell Lewis Reid of Grand Rapids.

Just as the Record was going to press, word was received of the marriage of Miss Frances King, daughter of Mr. and Mrs. Francis King, to Howell Lewis Reid of Grand Rapids.

The wedding took place at 2:00 o'clock this afternoon at the home of Mr. and Mrs. Francis King on State street, the ceremony being performed by Rev. J. Frank Jackson of the Episcopal church.

Full particulars of the wedding will be given in next week's issue.

## COUNTY MEET TO BE HELD IN ALMA

Gratiot County Field and Track Meet to be Held on Davis Field.

## DATE SET IS JUNE SECOND

Association Held Meeting in Ithaca Last Saturday and Elected New Officers.

At a meeting of the directors of the Gratiot County Athletic Association held in Ithaca last week Saturday morning, it was decided to hold the annual Gratiot County Field and Track meet on Davis Field, Alma, Friday, June 1st.

At the same meeting the annual election of officers was held, and M. R. Kimball of Alma, who will coach the Alma high school track team, was honored by being elected secretary of the organization. The officers elected as follows: president, B. E. Eggenman of Ithaca; vice president, Wm. E. Ellsworth; treasurer, Marshall Becker of Breckinridge; secretary, M. R. Kimball of Alma.

The meeting was attended by every school in the county, interested, except St. Louis. It is expected however, that St. Louis will develop a team and be in the meet.

Alma high school has won the track meet for the last three years, but this last June lost a number of her best athletes through graduation and as a result the locals may be forced to the limit to win the county honors. It again looks as though it was up to coach Kimball to develop a team, as he did in football, if Alma is to come through.

On men left from last year, Breckinridge appears to have the edge on all the other schools this year and promises to make the meet an interesting affair for the three larger schools of the county.

Another meeting of the officers and directors of the association will be held in April to select the officials for the meet and to decide such other matters as may come up at that time.

## PASSED AWAY

Mrs. Emily Lathrop, Old Gratiot Resident, Dead.

Mrs. Emily Lathrop died at a ripe old age. She was most highly esteemed in the community where she had lived for twenty years. She was married to Josiah F. Lathrop at Orion, Michigan, May 6, 1848. Their children were Hiram T., Roswell J., Lizzie A. and Joseph. The two last named were twins. Hiram and Joseph died in infancy, and Lizzie died October 29, 1886, age 36 years. Josiah F. Lathrop, the father, died in Saginaw October 18, 1894. Mrs. Lathrop was 88 years old.

It would be difficult to measure with mere words the influence of a life lived as well as was the life of this Christian woman.

Her courageous convictions were followed by energetic effort and her faithfulness to all duties was a characteristic, known and loved by all who knew her. No less admirable were the qualities which dominated her private life and made her home a place of delightful hospitality and social intercourse. She was a member of the Advent church.

No one can fill the place she occupied in this community and that is why Elwell mourns her death.

A large number of mourning friends gathered at the Lathrop residence on Wednesday afternoon, to look upon her for the last time. The service was in charge of Rev. Jackson of Alma. The burial was made in Alma. There, amid the flowers and under the sunshine of a perfect day, we left her until again "We see those angel faces smile, which we have loved long since and lost awhile."

In her home, Mrs. Madden, mother of Mrs. R. J. Lathrop, lies at the point of death. Mrs. Madden and Mrs. Lathrop had for years been friends, and after being confined in the same home, because much dearer to each other. Mrs. Madden has been almost entirely helpless, having suffered stroke of paralysis several years ago; every night Mrs. Lathrop went to bid her "good night," little thinking she would be first to go. Wednesday afternoon, during the funeral service, Mrs. Madden lay in an adjoining room. It was a sad coincidence, indeed, but to those who know the way, death has no sting.

## MISS KING MARRIED

Wedded to Howell Lewis Reid of Grand Rapids.

Just as the Record was going to press, word
